BIT-ERIAN (NTU, Singapore) MoU Signed

BIT signed a MoU with the Energy Research Institute (ERIAN), Nanyang Technological University (NTU), Singapore. NTU is ranked 13th globally. It is also placed 1st amongst the world's best young universities. ERIAN is a pan-university research institute that consolidates energy research and promotes multidisciplinary and transdisciplinary collaboration, for conducting advanced research, development, and demonstration of innovative energy solutions having global impact. ERIAN was represented by Dr. N. Srikanth, Program Director, Wind & Marine Renewable. From BIT, the MoU was signed by the Principal, Prof. D. Saravanan. Respected Chief Executive of BIT, Prof. A.M. Natarajan graced the occasion.

The areas of focus for co-operation in research activities include: advanced materials & composites, tribology, wind energy & ocean wave energy systems and image processing.

The MoU supports pursuing and promoting joint R&D activities of mutual interest, in accordance with the respective objectives and needs of both the institutions.
