## An ecosystem which nurtures achievers ...

INAUGURATION OF INNOVATION & RESEARCH CENTRES

ACHIEVER AWARD FUNCTION

FAREWELL TO FINAL YEAR STUDENTS 2016

### "What they said"

"Our country is lacking in Electrical and Electronics field as compared to European and American Countries. If technology is used in innovative way, we can convert waste into value-added products"

**THIRU R DORAISAMY,**  
 Managing Director - Salzer Electronics Ltd.,

"What the students study theoretically can be applied in the companies which they work and gain experience in a particular field."

**THIRU R RADHA KRISHNAN,**  
 Senior Vice President,  
 Aquasub Engineering, Coimbatore.

"The students should face the world with courage and motivation. All things are possible for those who believe."

**DR. S. V. BALASUBRAMANIAM**  
 Chairman, Bannari Amman Institute of Technology.

## INNOVATE TO ACHIEVE

BANNARI AMMAN INSTITUTE OF TECHNOLOGY, SATHYAMANGALAM, HAS BEEN FOSTERING INNOVATION BY OPENING NEW RESEARCH AND INNOVATION CENTRES WHICH MOTIVATES STUDENTS TO AIM HIGHER. NO WONDER THE CAMPUS HAS ACHIEVERS GALORE.

A function to mark three events, Inauguration of Innovation and Research Centres, Achiever Awards Function and Farewell to final year students was held recently at Bannari Amman Institute of Technology, Sathyamangalam.

Delivering the welcome Address, Dr. K. Sivakumar, Principal In-charge, Bannari Amman Institute of Technology stated that Salzer Electronics Ltd Coimbatore had come forward to establish the Salzer Innovation centre which will provide hands-on training for students. Similarly, the Research Centre by Aqua group of companies Coimbatore, one of the leading manufacturers of pumps, will enable students to develop industry specified solutions for the pump industry.

#### New Centres and MoUs

Thiru S V Balasubramaniam, Chairman, Bannari Amman Group who presided over the function thanked Salzer Electronics Ltd and Aqua Group of Companies for coming forward establish the Innovation & Research Centres. The MOU's between BIT and the companies would greatly enhance the industry institute partnership and provide practical training to the students. He emphasised on the importance of hardwork and perseverance. All you need for a successful career is a sound mind, a healthy body and above all, a genuine desire to be of help to as many people as possible. All things are possible for those who believe. The students should face the world with courage and motivation, he added.

Dr M P Vijayakumar, IAS (Retd), Director, Bannari Amman Institute of Technology, in his special address, emphasized that the students need to

work hard to succeed in life. The number of students from the college presenting papers in national and international conferences and seminars has increased. Similarly students enrolling for open electives have increased from 400 to 4000 in the past few years. He stressed that employers expect sound domain knowledge, good articulation, communication skills and team spirit from graduates and only practical knowledge and practice will help them to acquire these skills. He insisted that students should be prepared and wait for the opportunity and once it comes, they should grab it.

#### Need for Innovation

Thiru R Doraiswamy, Managing Director, Salzer Electronics Ltd Coimbatore, the Chief Guest of the day inaugurated the Salzer-BIT Innovation Centre and signed an MoU with BIT. Delivering the chief guest address, he pointed out that our country is lacking in Electrical and Electronics field when compared with European and American Countries. He said if technology is used in innovative ways, we can convert waste into value-added products. He commended the role played by BIT in constantly adding infrastructure to fulfil the expectations of the students and thereby motivate them to reach greater heights.

Thiru R Radha Krishnan, Senior Vice President, Aquasub Engineering Coimbatore, was the Guest of Honour. He inaugurated the Aquasub-BIT Research Centre, signed an MoU with BIT and addressed the gathering. He insisted that what the students study theoretically can be applied in the companies in which they work to gain experience in a particular field. He appealed to the students to be a dreamer and to make all the difference by achieving the dreams.

#### Achiever Day Awards

Dr A M Natarajan, Chief Executive, Bannari Amman Institute of Technology presented the list of students for awards and cash prizes. Students who had excelled in various fields, were offered awards and cash prizes for their successful endeavours during the academic year and the span of entire course.

Cash Prizes with citation to the tune of Rs.1,72,000 were distributed to around 165 students with a view to motivating them to perform better in their chosen field of study with greater enthusiasm and conviction to reach the destination in their academic journey. The awards and prizes were given to the students of all branches based on the international, national and state level achievements in project design contest, paper presentation, conference, sports, yoga and various technical events.

Besides regular academic activities, all the students were assessed on a 14-point performance indicator to ascertain their overall growth. The performance indicator is based on the student's participation in sports, paper presentations, NSS and NCC, memberships in clubs and associations, Volunteering activities, Participation in national and international conferences and events and so on. Cash prizes and citation were also given to the students year wise, who scored high marks in 14-point indicator.

#### A farewell to cherish

All the Final year students were given a farewell with a memento each. When Ms. R. Priyanga of Final year B.Tech. Information Technology, proposed the vote of thanks, many final year students turned nostalgic as their academic journey in the college was drawing to a close.
